A georgette dress with embroidery edited with PE-Design.

Cotton jacket decorated with the built-in pattern. Both sewing and embroidering turned out to be perfect!

Innov-is 1500D

Experience the finest & easiest embroidery...

Large embroidery in a small amount of time!

With the large embroidery area of 260 mm X 160 mm, you can create elaborate embroidery without the frustration of rehooping. Plus, with Innov-is 1500D, creating a large area of embroidery doesn't require much time, because it has the top-level embroidery speed of up to 800 stitches per minute.

Create your own embroidery patterns.

You can edit the embroidery patterns using the LCD touch panel: changing their sizes and colours, combining them with other patterns, and so much more!

Hemp bag with the built-in embroidery.

Innov-is 1500D comes with 2 embroidery frames (260 mm X 160 mm / 180 mm X 130 mm).

Left: A cushion with the exotic embroidery from the Embroidery Design Boutique Memory Card – Large Designs 1.

Now is the time to create your quilting masterpiece.

Large workspace

With the spacious workspace, even a king size bedcover is easily manageable. Find out how easy it can be to handle fabric. Create quilting masterpieces that have never been possible before. The large workspace means that your creativity is endless.

Heavy fabric, light fabric, or layers?

Don't give up your favourite fabric because of its thickness. Innov-is 1500D offers you a wide range of foot clearances and by using the presser foot lever, it allows you to select foot clearances from 3 different positions. You then have the freedom to choose your favourite material, whatever the thickness.

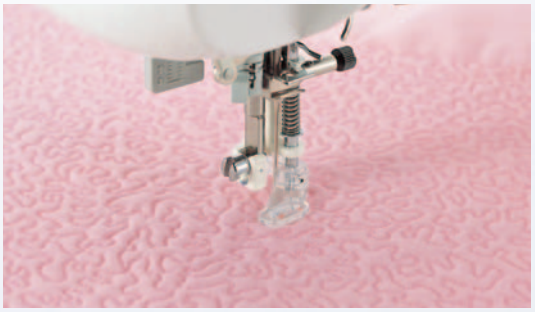
"MY CUSTOM STITCH™"

No matter what style of quilt you like, you are provided with the variety of stitches you may need. There are hundreds of built-in stitches and, of course, you can create your own stitch directly on the LCD panel by using the "MY CUSTOM STITCH™" feature. Your work can now be truly and uniquely yours!

Set your hands free!

Quality quilting demands the utmost attention of your hands on the fabric. Innov-is 1500D automatically sews a reinforcement stitch at the beginning and end of each stitch, trims both upper and lower threads at the end of sewing, and then raises the presser foot with one press of a button. To pivot your fabric or to remove heavy fabrics from the workspace, you can use the knee lifter to raise the presser foot. These features will give your hands more freedom to concentrate on the creation happening on the fabric.

The wide, flat workspace enables you to control a fabric easily and securely.



The quilting presser foot lets you clearly see the needle position. You can freely sew the quilting lines.

A modern quilting cushion with variety of handmade-look quilting stitches built-in. The embroidery patterns are from the embroidery card No.61 (the cushion is made by Japanese quilt artist Machiko Miyatani).
